Placer-Nevada Rx Drug Safety Coalition

LOCATING NARCAN

Did you know our coalition has already distributed over 300 doses of NARCAN in 2022? Recipient organizations include State Park officers and residential treatment facilities. If your organization could benefit from having NARCAN on hand, get in touch with us today.

We know locating NARCAN can be a challenge. With the help of our partners, we are working to expand NARCAN information on 211connectingpoint.org/. We have helped connect 211 with the information for 3 new site listings in recent months, and there are still many more to come. Thank you to 211 for their efforts in getting this important information uploaded!

If you know a NARCAN distributor that is not listed on 211 or on the Naloxone Near You flyer (view in the attached email), get in touch so we can assist in getting this information out!
